REPORT

Rendezvous with the World Leader

June 22, 2023

Time – 9.30 AM – 11.30 AM

Seminar Hall

The Centre held an expert lecture by Mr. Mathew M. Samuel, Ph.D. Mr. Samuel is a world expert on stimulation, fracturing and non-damaging fluid and other oilfield “chemistry” technologies. He is the holder of 45+ patents, and has to his credit more than 80 publications. He addressed the students of 9th B.A., LL.B., BBA., LLB and 7th semester B.A., LLB on the “US Patent Regime”, and also dealt with ancillary topics relating to IPR. The session was immensely interesting since it was an inventor’s perspective on the IPR regime. The resource person also held a question-and-answer session, where the audience sought clarity on the nature of inter-country software agreements, and other patenting concerns from the pharmaceutical sector.

The session was attended by 121 students, as well as faculty members from Mar Ivanios College and Mar Theophilos Training College. Dr. Suju Cherian, HOD, Chemistry Department, Mar Ivanios College, and Dr. Joju John, Principal-in-Charge, Mar Theophilos Teacher Training College, and Dr. Ramdas Narayanan, International Arbitrator were present for the meeting.
